

# People Who Help Us

## EYFS – Knowledge Organiser

There are lots of people who help us. Some help us in an emergency. Others help us every day.

### Vets

A vet is a doctor for animals. If your pet is hurt or ill, a vet will try to work out what is wrong. This is tricky because animals can't talk! They might do some tests to find the problem. They might give your pet some medicine just for animals.

help support  
assist care  
serve service

### Dentists

A dentist makes sure that your mouth and teeth are healthy. You might go to the dentist if you have a toothache or just for a check-up. They have tools for looking inside your mouth and checking your teeth. Sometimes, they might need to clean your teeth or give you a filling.

### Teachers and Teaching Assistants

Teachers and teaching assistants help children to learn. They explain new things to help you understand them. They help children learn to read, write and count. They help you to learn new skills!

### Postal Workers

People post their letters into a postbox. Each letter has an address written on to tell the postal workers where the letter should go.

The post is sorted and given to different postal workers in different places. The postal workers take all the post and deliver it to the right addresses.

## I am learning to...

Show understanding of my own feelings and those of others.

Set and work towards simple goals.

Name and describe people who are familiar to me.
