

Boston and District School Sport Partnership

➤ December 2021

We are delighted to announce our school won the Gold Award for participating in the Boston and District School Sports Partnership in association with Boston United Football Challenge. A massive well done to all of the children who took part in this event, the children had to perform a specific football skill and attempt as many as they could in one minute, you were all amazing. We would like to send a special congratulations to two of our children who were positioned in the top three across the Boston District - both Noah S. and Tia W. in Year 2 were 3rd in their age group and won a bronze award (your certificates are on the way to you). Well done everyone, we cannot wait for our next challenge!

Lets give this a go!

Number of classes Years 1 to 6 = 9	Number of classes that took part = 9
