

## Latest news update

- **Lincolnshire County Council has built a 'family services directory' which can be found at:**

<http://search3.openobjects.com/kb5/lincs/fsd/home.page>

This is a directory that lists all the services that are available currently in Lincolnshire. There is a wealth of information on there. They would like you to try it out for yourself and would be interested to know your thoughts, ideas and opinions. What works well, not so well? Is there something missing? How easy/difficult is it to navigate? To do this, there is a 'Tell us' link and a 'contact us' link on the homepage.

### **Special Educational and Disability Needs update**

- There are further updates on the school website with regards to the new special educational needs code of practice and the new reforms that are in the process of being implemented for September 2014. If you require more information this can be found via the family services directory homepage (mentioned above). The links to more information can be found on the homepage under 'Local Offer for SEN & Disability' or via the 'Education' tabs.
- **4All** is an information service for parents/carers of children and young people aged 0-19 with a disability and/or additional needs in Lincolnshire. It contains news on the latest projects, publications, advice, support and activities. It now includes Short Breaks, with information on opportunities for children with disabilities to access activities and short breaks away from home. You can register online at <http://www.lincolnshire.gov.uk/4all> where you will find the contact details and phone number. Alternatively, there are information leaflets and referral forms available from school if you are interested. Either contact the office staff or Mr. Huck.
