

BUTTERWICK PINCHBECK'S ENDOWED CHURCH OF ENGLAND PRIMARY SCHOOL

ACCESSIBILITY PLAN 2021-2024

As an inclusive Christian school, our vision is to provide a safe, happy, loving and nurturing environment where individuals feel valued and are encouraged to fulfil their hopes and aspirations. Through an inspiring and enriched curriculum, pupils are given the best opportunities to flourish and develop their God given talents.

BUTTERWICK PINCHBECK'S ENDOWED CHURCH OF ENGLAND PRIMARY SCHOOL

Accessibility Plan 2021-2024

Introduction Schools' Duties Around Accessibility for Disabled Pupils:

Schools are required under the Equality Act 2010 to have an accessibility plan. The purpose of the plan is to:

- Increase access to the curriculum for pupils with a disability
- Improve and maintain access to the physical environment
- Improve the delivery of information to pupils with a disability

Part 5A of the Disability Discrimination Act 1995 (DDA) requires the Governing Body to:

- promote equality of opportunity for disabled people: pupils, staff, parents, carers and other people who use the school or may wish to; and
- prepare and publish a Disability Equality Scheme to show how they will meet these duties.

This Accessibility Plan and the accompanying action plan forms part of the Disability Equality Scheme and sets out how the Governing Body will improve equality of opportunity for disabled people.

The SEN and Disability Act 2001 extended the DDA to cover education, so since 2002 the Governing Body has had three key duties towards disabled pupils under part 4 of the DDA.

- Not to treat disabled pupils less favourably for reasons related to their disability
- To make reasonable adjustments for disabled pupils, so that they are not at a substantial disadvantage including potential adjustments which may be needed in the future.
- To plan to increase access to education for disabled pupils.

It is a requirement that the school's Accessibility Plan is resourced, implemented and reviewed and revised as necessary. Attached is an action plan, showing how the school will address priorities identified in the plan. This plan incorporates the school's intention to increase access to education for disabled pupils.

At Butterwick Primary School we are committed to establishing equality for all pupils, their parents, staff and other users of the school.

Butterwick Primary School aims to:

- to provide a safe, secure, stimulating and supportive atmosphere where each child is valued to nurture children towards positive self-worth, self-confidence as learners and to help each mature socially and emotionally
- to secure an inclusive learning environment and to support individual pupils
 - with special educational needs
 - with disabilities.

It is the responsibility of the whole school community to implement this scheme in a manner which promotes the inclusive ethos of our school.

The Involvement of Disabled Children and Young People, Staff and Parents:

In preparing this Accessibility Plan, disabled people, including pupils, parents and Governors were involved as described in the Disability Equality Scheme. It has been informed by analysis of pupil & staff data and additional information gathered.

According to the Act a "disabled person is defined as someone who has a physical or mental impairment which has an effect on his or her ability to carry out normal day-to-day activities". The effect must be

substantial, long term and adverse. The DDA definition of disability covers physical disabilities, sensory impairments and learning disabilities.

Butterwick Primary School is committed to equal opportunities and inclusion. This strategy should be considered alongside the following school policies and other documents:

- Disability Equality Scheme
- School Safeguarding Policy
- Special Educational Needs
- Equal Opportunities
- Curriculum
- Health & Safety
- Inclusion
- Anti-bullying policy
- Behaviour Management
- School Improvement Plan
- School Prospectus

This plan considers the following three areas as identified in the introduction:

- Increasing the extent to which disabled pupils can participate in the school's curriculum by securing relevant staff training and ensuring appropriate classroom organisation.
- Improving the physical environment of the school such as ramps and handrails as well as physical aids to access education such as specialist desks and ICT equipment
- Improving the delivery to disabled pupils of information which is already provided to pupils who are not disabled. This should be done within a reasonable period of time and in formats that take account of any views expressed by pupils or parents about their preferred means of communication such as Braille, audio tape, large print and the provision of information orally.

Increase access to the curriculum for pupils with a disability:

The school SEND policy ensures that staff identify, assess and arrange suitable provision for pupils with disabilities and special educational needs. Working with the LA and Educational Psychology Service, the SENCo manages the Statutory Assessment Process, ensuring additional resources are available where appropriate.

The school Learning Mentor provides additional support for pupils and supports teachers in implementing strategies for improving pupils' behaviour and access to learning.

The school works closely with specialist services when needed, including:

- Education Psychology Service
- Visual Impairment Advisory and Support Service
- Occupational Therapists and physiotherapists
- Speech and Language Therapy
- Lincolnshire Autism, Social Communication and SEND Outreach Service (WTT-Working Together Team)
- Hearing Impaired Children's service
- Specialist Teaching Team

Improve and maintain access to the physical environment:

This element covers all areas of the physical environment such as external areas, buildings and fixtures and fittings. The aim is to continue to enhance the environment to meet the needs of all pupils and ensure that they have access to all aspects of education offered by Butterwick Primary School.

Improve the delivery of information to pupils with a disability:

Staff are aware of the services available through the LA for converting written information into alternative formats. This Accessibility Improvement Plan is reviewed by the Head teacher and in addition will be reviewed three yearly following consultation with the larger school community, the school council and parental questionnaires.

Information on how to view this plan is included in the Disability Equality Scheme and in the school prospectus.

Action Plan This action plan sets out the aims of our accessibility plan in accordance with the Equality Act 2010.

Consider each question from the perspective of each type of disability:
Tick the Y or N column as appropriate and add notes if necessary. A mark in the 'N' column indicates that the element should be given consideration in the school's Accessibility Plan.

- Wheelchair
- Ambulant
- Dexterity
- Visual
- Auditory
- Comprehension

	Y	N	Notes
1. Is the location of any step/stairs/ramp clearly indicated by use of sign/colour/contrast/texture fighting? (delete)	✓		
2. Does any step/stairs/ramp have a handrail to one/both side(s), and do(es) it/they extend 300mm beyond the top and bottom of any flight? (delete)	✓		
3. Is any level change clearly lit?			Not applicable
4. Is the pitch (risers & treads) of step/stairs or any ramp consistent, and are nosings clearly identifiable? (delete)	✓		Yes, for ramps.
5. If there are landings are they large enough to permit passing and turning manoeuvres, and are they provided in any long flight?			Not applicable
6. Is any short rise within a single storey ramped; if so is the ramped surface indicated, and is it slip-resistant?			
7. Are all ramp gradients easily negotiated? [Range length 3m max = 1 in 12, 6m max = 1 in 26, 10m max = 1 in 20]	✓		
8. If a permanent ramp cannot be provided (perhaps a listed Building) can a moveable ramp be made available?			Not applicable
9. Are steps available as an alternative to any ramp or ramped surface?			

General notes to block:

2. LAVATORIES

Consider each question from the perspective of each type of disability:
Tick the Y or N column as appropriate and add notes if necessary. A mark in the 'N' column indicates that the element should be given consideration in the school's Accessibility Plan.

	Y	N	Notes
1. Is WC provision made for people with disabilities?	✓		
2. Do all lavatory areas have slip-resistant floors?	✓		
3. Are they easy to distinguish by colour contrast from walls?	✓		
4. Are all fittings readily distinguishable from their background?	✓		
5. Are all door fittings/locks easily gripped and operated?	✓		
6. Can ambulant disabled people manoeuvre and raise and lower themselves in standard cubicles?	✓		
7. Is provision made for wheelchair users? If so:	✓		
8. Is wheelchair approach free of steps/narrow doors/obstructions, etc? (delete)	✓		
9. Is the location clearly signed?	✓		
10. Is there sufficient space at entry to the compartment for wheelchair manoeuvre and door opening?	✓		
11. Are the door fittings/locks and light switches easily reached and operated?	✓		
12. Is there an emergency call system and is someone designated to respond?		✓	1:1 support ensures that in an emergency someone is always available
13. Can the emergency call system be operated from floor level?		✓	
14. Is the wheelchair WC compartment large enough to permit manoeuvre for frontal lateral/angled/backward transfer, with or without assistance? (delete)	✓		Ceiling hoist Portable hoist can also be used in the main disabled toilet.
15. Are the fittings arranged to facilitate these manoeuvres?	✓		
16. Are handwashing and drying facilities within reach of someone seated on the WC?	✓		
17. Is the tap appropriate for use by someone with limited dexterity, grip or strength?	✓		
18. Are suitable grab rails fitted in all the appropriate positions to facilitate use of the WC?	✓		

19. Is the manoeuvring area free of obstruction, eg boxed-in pipework/radiators/cleaner's equipment/disposal bins/ occasional storage, etc., and is any difficulty caused by the activity of service contractors? (delete)	✓		
20. If there is more than one standard layout WC compartment provided, are they handed to offer a left-sided approach and a right-sided approach?			Not applicable

	Y	N	Notes
1. Is the door clearly distinguishable from the facade?	✓		
2. If glass is it visible when closed?	✓		
3. Does the clear door opening or one leaf when opened permit passage of a wheelchair or double buggy? (delete)	✓		
4. Does it have a level or flush threshold, and a recessed matwell?	✓		
5. Is there visibility through the door/way from both sides at standing and seated levels?	✓		

6. Is there a minimum 300mm wide wheelchair manoeuvre space beside the leading edge of the door to clear doorswing?	✓		
7. Can the door furniture be used at both standing and seated height?	✓		
8. Can it be easily grasped and operated?	✓		
9. If the door has a closer mechanism does it have:			
(a) delayed closure action?	✓		
(b) slow-action closer?	✓	✓	External fire doors must be held as they don't have slow close mechanism
(c) minimal closure pressure?	✓		
10. If the door is power-operated does it have visual and tactile information?			Not applicable
11. If the door is security-protected is the system suitable for use by and within reach of people with sensory or mobility impairments?		✓	Internal door release switch is out of reach of people in wheelchairs.
12. If there is a lobby, do the inner and outer doors meet the same criteria?		✓	Pupils are closely supervised with their 1:1 staff member always present
13. Do lobby layouts enable all users to clear one door before going through the next?	✓		
14. Are signs designed and positioned to inform those with visual impairments and wheelchair users with reduced eye-levels?		✓	
15. Does the lighting installation take account of the needs of visually disabled people?		✓	Audit hasn't suggested changes that need to be made yet
16. Are floor surfaces:			
(a) slip-resistant, even when wet?	✓	✓	Most are (carpet) but hall floor can be slippery if wet. Pupils would be closely supervised
(b) of a quality that is sympathetic to acoustics – i.e. not so "hard" as to cause acoustic confusion?		✓	
(c) firm for wheelchair manoeuvre?	✓		
17. Are junctions between floor surfaces arranged in a way that avoids presenting tripping hazards and causing visual confusion?	✓		

18. Is any reception point suitable for approach and use from both sides by people in standing and seated positions?	✓		
19. Is it fitted with an induction loop?		✓	
20. For those progressing to other parts of the building is information provided by signs, supported by tactile information such as a map or model?		✓	

General notes to block:

The 'new' internal door separating the school reception area from inside school has a release button that is out of reach of someone who is in a wheel chair. Staff would need to press release for any parents/visitors that needed help with this.
